

Fill in the gaps

It's alright, to (1) me, (2) you think,	At a (12) sneak preview
about me	You'll show up, and walk by
I won't try, to argue, or (3) it, against you	On the arm of (13) guy
I know that, you're leaving	And I'll smile, and you'll wave
You (4) have, your reasons	We'll pretend it's okay
The (5) is calling	The charade, it won't last
Your pictures are falling down	When he's gone, I won't come back
The steps that, I retrace	And it'll happen (14) again
The sad look, on (6) face	You'll (15) to a friend
The timing, and structure	Someone (16) understands
Did you hear, he f**** her?	And (17) through the master plan
A day late, a buck short, I'm writing, the report	But everybody's gone
On losing, and (7) when I move	And you've been there for too long
I'm flailing now	To (18) this on your own
And it's (8) once again	Well I (19) this is growing up
I'll turn to a friend	Well, I (20) this is (21) up
Someone that understands	Well, I guess (22) is (23) up
Sees through the master plan	Well, I guess (24) is (25) up
But everybody's gone	Well, I guess this is growing up
And I've been (9) for too long	Well, I (26) this is growing up
To (10) this on my own	
Well I guess this is (11) up	
Well I guess this is growing up	
And maybe, I'll see you
