The Chronicles of Life and Death by Good Charlotte

You come in cold	You've got some questions
You're covered in blood	And you want answers
They're all so happy you've arrived	But now (5) old, cold, covered in blood
The doctor (1) your cord	Right back to where you started from
He hands you to your mom	These are the (6) of life and death
She sets you free into this life	And everything between
And where do you go	These are the stories of our lives
With no destination	As fictional as they may seem
No maps to guide you	You come in this world
Wouldn't you know	And you go out just the same
That it doesn't matter	Today could be the worst day of your life
We all end up the same	But (7) are the (8) of
These are the chronicles of life and death	(9) and death
And (2) between	And everything between
These are the stories of our lives	These are the stories of our lives
As fictional as they may seem	As fictional as they may seem
You come in this world	You come in this world
And you go out just the same	And you go out just the same
Today could be the best day of your life	Today could be the best day of
And money talks in this world	Today could be the worst day of
That's what idiots (3) say	Today (10) be the last day of your life
But you'll find out (4) this world	It's your life
Is just an idiots parade	Your life
