## SUB inglés

I'm a genie in a bottle

## Fill in the gaps

## Genie In A Bottle by Christina Aguilera

I feel like I've (1) locked up tight	You gotta rub me the right way
For a century of lonely nights	If you wanna be with me
Waiting for someone to release me	I can make your wish come true
You're (2) your lips	Just come and set me free baby
And blowing kisses my way	And I'll be with you
But that don't mean I'm gonna give it away	I'm a genie in a bottle baby
Baby, baby, baby, baby, baby, baby)	You gotta rub me the right way honey
(Ooooh)	I'm a genie in a bottle baby
My body's saying let's go	Come, come on and let me out
(Ooooh)	I'm a genie in a bottle baby
But my heart is saying no	Gotta rub me the right way honey
If you wanna be with me	(If you wanna be with me)
Baby there's a (3) to pay	I'm a genie in a bottle baby
I'm a (4) in a bottle	Come, come, come on and let me out
You gotta rub me the right way	(Ooooh)
If you wanna be with me	My body's saying let's go
I can make your wish come true	(Ooooh)
You gotta make a big impression	But my heart is (8) no
I gotta like what you do	If you wanna be with me
I'm a genie in a bottle baby	Baby there's a price to pay
Gotta rub me the right way honey	I'm a genie in a bottle
I'm a (5) in a bottle baby	You gotta rub me the right way
Come, come, come on and let me out	If you (9) be with me
The music's fading	I can make your (10) come true
The light's down low	You gotta make a big impression
Just one more dance	I gotta like what you do
And (6) we're good to go	If you wanna be with me
Waiting for someone	Baby there's a price to pay
Who needs me	I'm a genie in a bottle
Hormones racing at the speed of light	You gotta rub me the right way
But (7) don't mean it's gotta be tonight	If you wanna be with me
Baby, baby, baby (baby, baby, baby)	I can make your wish come true
(Ooooh)	Just come and set me free baby
My body's saying let's go	And I'll be with you
(Ooooh)	I'm a genie in a bottle baby
But my heart is saying no	Come, come, come on and let me out
If you wanna be with me	
Baby there's a price to pay
