

Fill in the gaps

4 Seasons Of Loneliness by Boyz II Men

(1) for the warmth of days gone by	And I imagine (18) you under the mistletoe
When you were mine	When springtime makes its way here
But now (2) days are (3) in	Lilac blooms (19) me of
time	The scent of your perfume
Life's empty without you by my side	When summer (20) with heat
My heart (4) to you no matter what I try	I always get the hots for you
When I get courage up to love somebody new	Go (21) dippin' in the ocean where we
It always falls apart cause they just can't compare to you	(22) to do
Your love won't release me I'm bound under ball and chain	When autumn sheds the leaves the trees are bare
Reminiscing our (5) as I watch four	When you're not here It doesn't (23) the same
(6) change	This loneliness
In comes the winter breeze	Has crushed my heart
That chills the air and (7) the snow	Please let me (24) again
And I imagine kissing you (8) the mistletoe	Cause I need your love to comfort me and ease my pain
When springtime (9) its way here	Or four seasons will bring the loneliness again
Lilac (10) reminds me of	In comes the winter breeze
The (11) of your perfume	That chills the air and drifts the snow
When summer burns with heat	And I imagine kissing you under the mistletoe
I always get the hots for you	When springtime makes its way here
Go skinny dippin' in the ocean where we used to do	Lilac blooms (25) me of
When autumn sheds the (12) the trees are	The scent of your perfume
bare	When (26) burns (27) heat
When you're not here It doesn't feel the same	I always get the hots for you
(It doesn't feel the same)	Go skinny dippin' in the (28) where we
	(29) to do
Remember the nights when we (13) our eyes	When autumn sheds the leaves the trees are bare
And vowed that you and I would be in love for all time	When you're not here It doesn't feel the same
Anytime I think about these things I shared with you	(It doesn't feel the same)
I break down and cry (14) I get so emotional	Remember the warmth of days gone by
Until you release me I'm bound under (15) and	
chain	
Reminiscing our love as I watch (16) seasons	
change	
In comes the winter breeze	
That chills the air and (17) the snow
