Right Where You Want Me To Be by A Day To Remember

This is the first time in a long time	And not come back 'til next fall
That (1) felt like coming home for the holidays	Everyone knows that you've got me
Everybody's rushing about	Right where you want me to be
Why won't anybody hear me out?	What we've done this year
My (2) low	It was the best times
So instead I'll write you a song everyone will know	(It was the (7) times)
Everyone will know	But we (8) something here
So here it goes	Looking back on (9) we've done this year
Can you hear me?	It was the best times
I (3) so much and it makes me sick	(It was the worst times)
That is all	But we (10) something here
About you	Can you hear me?
Lets drop everything	I write so much and it makes me sick
And not come back 'til next fall	That is all
Everyone knows that you've got me	About you
Right where you want me to be	Lets drop everything
I'm coming (4) for the bright lights	And not come back 'til next fall
And the long nights	Everyone knows that you've got me
Driving around with your friends in your parents car	Right where you want me to be
We're the ones who made it out	Can you hear me? (can you hear me?)
We're the (5) who they'll talk about	I write so much and it makes me sick
My money's low	That is all
So instead I'll write you a song everyone will know	About you
Everyone will know	Lets drop everything (lets drop everything)
So (6) it goes	And not come back 'til next fall
Can you hear me?	Everyone knows that you've got me
I write so much and it makes me sick	Right where you want me to be
That is all
