letting go

	And now I'm (8)
Well the sky broke in two	Tonight
Found you dancing alone	I got you where I want you
Then the room filled up with you	Closer I can tell you anything
And (1) song we both know	You're the song that I sing
That's (2) you caught me with your eyes	Tonight
And sent shivers down my spine	Let the music take us over
And then you whispered in my ear	We'll fall into forever, all is rig
You said "I can (3) it too"	Cause I got you where I want
And then you pulled me into you	Tonight, tonight
Tonight	The whole world (9)
I got you where I want you	But you and I
Closer I can tell you anything	No we won't be afraid
You're the (4) that I sing	Tonight
Tonight	I got you where I want you
Let the music take us over	Closer I can tell you anything
We'll fall (5) forever, all is right	Tonight
Cause I got you where I want you	Let the music take us over
Tonight	We'll fall into forever, all is rig
Tonight	Cause I got you where I want
Through all of science and history	Tonight
Well nothing's ever stock with me	I got you where I want you
But now I'm locked on to you	Tonight
And I'm holding on to
