Getting Away With Murder by Papa Roach

Somewhere (1) (2)	Getting away, getting away, getting away, getting away
and sadness	Getting away, getting away, getting away, getting away
I (3) to calculate	Getting away with murder
What creates my own madness	Somewhere beyond happiness and sadness
And I'm addicted to your punishment	I need to calculate
And you're the master	What (9) my own madness
And I am waiting for disaster	And I'm addicted to your punishment
I (4) irrational	And you're the master
So confrontational	And I am craving this disaster
To tell the truth again	I feel irrational
I am getting away (5) murder	So confrontational
It isn't possible	To tell the truth again
To never tell the truth	I am getting away with murder
But the reality is I'm getting away with murder	It isn't possible
Getting away, getting away, getting away	To never tell the truth
I drink my drink and I don't even want to	But the reality is I'm getting away (10) murder
I think my thoughts when I don't (6) need to	Getting away, getting away, getting away
I never look back cause I don't even want to	I feel irrational
And I don't need to	So confrontational
Because I'm getting away with murder	To tell the truth again
I feel irrational	I am getting away with murder
So confrontational	It isn't possible
To tell the truth again	To never tell the truth
I am getting away (7) murder	But the reality is I'm getting away with murder
It isn't possible	
To never tell the truth	
But the reality is I'm (8) away with murder
