

Fill in the gaps

I'm (1) for my moment to come	Now we're tumbling down
I'm (2) for the movie to begin	We're spiralling
I'm waiting for a revelation	Tied up to the ground
I'm waiting for someone to count me in	We're spiralling
Because now I only see my dreams in everything I touch	Did you wanna be a winner?
Feel their (3) hands on everything that I love	Did you wanna be an icon?
Cold like some magnificent skyline	Did you wanna be famous?
Out of my reach but always in my eye line	Did you wanna be the president?
Now we're tumbling down	Did you wanna start a war?
We're spiralling	Did you wanna have a family?
Tied up to the ground	Did you wanna be in love?
We're spiralling	Did you wanna be in love?
I (4) you (5) jewels and	When we fall in love
stone	We're just falling
I made you in the image of myself	In love (10) ourselves
I gave you everything you wanted	We're spiralling
So you would (6) know anything else	We're tumbling down
But (7) time I reach for you	We're spiralling
You slip through my fingers	Tied up to the ground
Into cold sunlight	We're spiralling
Laughing at the things that I had planned	
The map of my (8) gets smaller as I sit here
