Breakdown by Jack Johnson

Fill in the gaps

I hope this old train breaks down	(Oh) please just let me please breakdown
Then I could take a walk around	I need this old (5) to breakdown
See what there is to see	(Oh) please just let me please breakdown
Time is just a melody	I want to break on down
With all the people in the (1) walking fast as	But I can't stop now
their feet	Let me break on down
Can take them, I just roll through town	But you can't stop nothing if you got no control
And though my window's got a view	Of the thoughts in your mind that you kept and you know
Well the frame I'm (2) through	That you don't know nothing but you don't need to know
Seems to have no concern for now	The wisdom's in the trees not the (6) windows
So for now I	You can't stop wishing if you don't let go
I need this old train to breakdown	Of the (7) that you find and you lose and yo
(Oh) please just let me please breakdown	know
Well this engine screams out loud	You keep on rolling, put the moment on hold
Centipede going to (3) westbound	(Because) the frame's too bright, so put the blinds down low
So I don't even make a sound	I need this old train to breakdown
Cause it's going to sting me when I leave this town	(Oh) please just let me please breakdown
And all the people in the street that I'll never get to meet	I need this old train to breakdown
If these tracks don't bend somehow	(Oh) please just let me please breakdown
And I got no time	I want to break on down
That I got to get to where I don't need to be	But I can't stop now
So I	
I (4) this old train to breakdown	

- 1. street
- 2. looking
- 3. crawl
