

Fill in the gaps

I (1) this old train (2) down	(Oh) please just let me please breakdown
Then I could take a walk around	I need this old train to breakdown
See what (3) is to see	(Oh) please just let me please breakdown
Time is just a melody	I want to break on down
With all the people in the street walking fast as their feet	But I can't stop now
Can (4) them, I just roll through town	Let me break on down
And though my window's got a view	But you can't stop (6) if you got no control
Well the frame I'm looking through	Of the thoughts in your mind that you kept and you know
Seems to have no concern for now	That you don't know nothing but you don't need to know
So for now I	The wisdom's in the trees not the glass windows
I need this old train to breakdown	You can't stop wishing if you don't let go
(Oh) please just let me please breakdown	Of the things (7) you find and you (8)
Well this engine screams out loud	and you know
Centipede going to crawl westbound	You keep on rolling, put the moment on hold
So I don't even make a sound	(Because) the frame's too bright, so put the blinds down low
Cause it's going to sting me when I leave (5) town	I need this old train to breakdown
And all the people in the street that I'll never get to meet	(Oh) please just let me (9) breakdown
If these tracks don't bend somehow	I need this old (10) to breakdown
And I got no time	(Oh) please just let me please breakdown
That I got to get to where I don't need to be	I want to break on down
So I	But I can't stop now
I need this old train to breakdown
