

## Fill in the gaps

| Let me stay                              |
|--|
| One more day                             |
| It (1) mean so much to me                |
| I won't make a sound                     |
| I'll just (2) around                     |
| I'll sit where the last one sat          |
| But oh no                                |
| I'd never do that                        |
| Take my mouth as far as you can see      |
| It stretches father than I care to think |
| Put me out of my misery                  |
| If I could keep it shut                  |
| I wouldn't be in this rut                |
| With (3) (4) than a laboratory rat       |
| Oh no                                    |
| I'd never do that                        |

| You're a master of illusion       |
|-----------------------------------|
| You say you do - but you don't    |
| You think I will - I know I won't |
| When I see you sitting there      |
| It (5) a shock right through me   |
| I never thought an ordinary chair |
| Could have (6) poetry             |
| I don't deserve your time         |
| I haven't got the tact            |
| I live (7) my (8) in fac          |
| Oh no                             |
| I'd never do that                 |
|                                   |
