The World Is Black (Acoustic) by Good Charlotte

Turn on channel seven at a (1) to eight	Growing colder everyday
You see the same damn thing	Nothing can stay perfect
It's just a different day	Now I see
And no one really knows why this is happening	The world is black
But it's happening	And hearts are cold
And everywhere you go it's just a different place	And there's no hope
You get the (2) dark feeling	That's what we're told
See the same sad faces	And we can't go back
No one really (3) that (4) is	It won't be the same
happening	Forever changed
We come into this world	By the things we say, say,
We are all the same	We (12) into this world
And in that moment there's no one to blame	We are all the same
But the world is black	And in that moment there's no one to blame
And (5) are cold	But we're living in this world
And there's no hope	Growing colder every day
That's what we're told	Nothing can stay perfect
And we can't go back	Now I see
It won't be the same	The world is black
Forever changed	And hearts are cold
By the things we say, say	And there's no hope
Living in this place	That's what we're told
It's (6) been (7) way	And we can't go back (we can't go back)
There's no one doing nothing	It won't be the same (It won't be the same)
So there's (8) changed	Forever change (when forever change)
And I can't live (9) (10) world	By the (13) we've seen, seen, seen
Just keeps dying	Turn on channel seven at a (14) to eight
It's dying	You see the (15) damn thing it's (16) a
People (11) tell me, this is part of the plan	different day
That God's got everybody in his hands	And no one (17) (18) why this is
But I can only pray that God is listening	happening
Living in this world
