Believe in you and me, one love...

Fill in the gaps

One Love by David Guetta & Estelle

Can anybody help me?	Now I could try and fix this all by myself
I'm outta plans	But I (4) it'd (5) out better if you help
Guess I left my world in somebody's hands	No one likes to (6) but
I don't like to hurt but	But everyone gets weak
But (1) gets weak	Someone to rely on
Someone to rely on	That's (7) everybody needs
That's what I really need	Now here we stay
Now (2) we stay	It's all that we're worth
It's all that we're worth	I've been through the pain and
I've been through the pain and	Been dragged through the dirt
Been dragged through the dirt	Whatever they tell you were bigger than words
Whatever they tell you were bigger than words	I've been where you're standing
I've been where you're standing	I (8) how it hurts
I know how it hurts	Let this be a song now and (9) be our day
Let this be a song now	And we stand together we'll be okay
And this be our day	'Cause we're survivors
And we stand together	We're making it work
We'll be okay	Expecting the best when they hope for the worst
'Cause we're survivors	One love
We're making it work	This is the way we found (one love)
Expecting the best when they hope for the worst	Even though they'll let you down (one love)
(One love)	Nobody's perfect now (one love)
This is the way we found (one love)	Don't let that hold you down (one love)
Even though they'll let you down (one love)	Let's stick together now (one love)
Nobody's perfect now (one love)	We got to stand our ground (one love)
Don't let that hold you (3) (one love)	It's easy to believe in, one love
Let's stick together now (one love)	Believe in you and me
We got to stand our ground (one love)	One love
It's easy to believe in, one love
