

Fill in the gaps

One Love by David Guetta & Estelle

Can anybody help me?	Now I could try and fix this all by myself
I'm (1) plans	But I know it'd turn out better if you help
Guess I (2) my world in somebody's hands	No one (13) to hurt but
I don't like to hurt but	But everyone (14) weak
But everyone gets weak	Someone to rely on
Someone to (3) on	That's what everybody needs
That's what I really need	Now here we stay
Now here we stay	It's all that we're worth
It's all that we're worth	I've (15) (16) the pain and
I've been through the pain and	Been (17) through the dirt
Been dragged through the dirt	Whatever they (18) you (19) bigger
Whatever they tell you were bigger than words	than words
I've (4) (5) you're standing	I've been where you're standing
I know how it hurts	I (20) how it hurts
Let (6) be a song now	Let this be a song now and this be our day
And this be our day	And we (21) together we'll be okay
And we (7) together	'Cause we're survivors
We'll be okay	We're making it work
'Cause we're survivors	Expecting the best when (22) hope for the worst
We're making it work	One love
Expecting the (8) (9) they hope for the	This is the way we found (one love)
worst	Even though they'll let you (23) (one love)
(One love)	Nobody's perfect now (one love)
This is the way we found (one love)	Don't let that hold you down (one love)
Even though they'll let you down (one love)	Let's stick together now (one love)
Nobody's (10) now (one love)	We got to (24) our ground (one love)
Don't let that hold you down (one love)	It's easy to (25) in, one love
Let's (11) together now (one love)	Believe in you and me
We got to stand our (12) (one love)	One love
It's easy to believe in, one love	
Believe in you and me, one love
