

## Fill in the gaps

Baby are you down? down, down, down	You'll be my only
Even if the sky is falling down, down, down	No need to worry
You already know	Baby are you down? down, down, down
Tonight is the night to let it go	Baby are you down? down, down, down
Put on a show	Even if the sky is (10) down
I (1) see how you lose control	Down like she's suppose to be
So leave it behind, cause we have a night to get away	She (11) down me
So (2) on and fly with me	Down like her temperature
As we make our great escape	Cause to me she's zero degrees
So baby don't worry	She's cold, (12) freeze
You are my only	I got that girl from over seas
You won't be lonely	Now she's my Miss America
Even if the sky is (3) down	Now can I be her soldier, please?
You'll be my only	I'm fighting for this (13) on the battlefield of love
No need to worry	Got me (14) like baby Cupid
Baby are you down? down, down, down	Sending (15) from above
Baby are you down? down, down, down	Don't you (16) leave the (17) of me
Even if the sky is falling down	And waiting definitely, not probably
Just let it be	And honestly I'm down like (18) economy
Come on and bring your (4) next to me	Baby don't worry
I'll take you away	You are my only
Turn (5) (6) into our	You won't be lonely
(7) getaway	Even if the sky is falling down
So leave it behind, cause we have a night to get away	You'll be my only
So come on and fly with me	No need to worry
As we (8) our (9) escape	Baby are you down? down, down, down
So why don't we run away	Baby are you down? down, down, down
Baby don't worry	Even if the sky is falling down
You are my only	
You won't be lonely	
Even if the sky is falling down
