

## Fill in the gaps

There's a still in the street (1) (2)	Lay your body down
window	Lay your body down
You're keeping secrets on (3) pillow	Lay your body down
Let me inside, no cause for alarm	Lay your body down
I promise tonight not to do no harm	Lay your body down
I promise you baby, I won't be no harm	Lay your body down
And we're caught up in the crossfire	Tell the devil that he can go back from where he came
Of heaven in hell	His (6) arrows drew their bead in vain
And we're searching for shelter	And when the hardest part is (7) we'll be here
Lay your body down	And our dreams will break the boundaries of our fears
Lay your body down	Boundaries of our fears
Lay your body down	Lay your body down
Watching your dress as you turn down the light	Lay your body down
I forget all about the storm outside	Lay your body down
Dark (4) roll their way over town	Lay your body down
Heartache and (5) came pouring down like	Lay your body down
Chaos in the rain, yeah	Lay (8) (9) down
They're handing it out	Next to mine
And we're caught up in the crossfire	
Of heaven and hell	
And we're searching for shelter
