## Here We Go Again by Demi Lovato

| I (1) all of your stuff away           | Should have known better                              |
|----------------------------------------|-------------------------------------------------------|
| Then I clear you out of my head        | In trying to let you go                               |
| I (2) you out of my heart              | Cause here we go go go again                          |
| And ignore all your messages           | Hard as I try I know I can't quit                     |
| I tell everyone we are through         | Something about you is so addictive                   |
| Cause I'm so much better without you   | We're falling together                                |
| But it's just another pretty lie       | You'd think that by now I'd know                      |
| Cause I break down                     | Cause (7) we go go go again                           |
| Every time you (3) around              | And again, and again, and again, and again, and again |
| So how did you get here under my skin? | I threw all of your stuff away                        |
| I swore (4) I'd never let you back in  | And I (8) you out of my head                          |
| Should have known better               | And I (9) you out of my heart                         |
| In trying to let you go                | So how did you get here under my skin?                |
| Cause here we go go go again           | I swore that I'd never let you back in                |
| Hard as I try I know I can't quit      | Should have known better                              |
| Something about you is so addictive    | In trying to let you go                               |
| We're falling together                 | Cause here we go go go again                          |
| You'd think that by now I'd know       | Hard as I try I know I can't quit                     |
| Cause here we go go go again           | Something about you is so addictive                   |
| You never know (5) you want            | We're falling together                                |
| And you never say what you mean        | You'd think that by now I'd know                      |
| But I start to go insane               | Cause here we go go here we go again                  |
| Every time that you look at me         | Here we go again                                      |
| You only hear half of what I say       | Should have known better                              |
| And you're always (6) up too late      | In trying to let you go                               |
| And I know that I should say goodbye   | Cause (10) we go go go again                          |
| But it's no use                        |                                                       |
| Can't be with or without you           |                                                       |
| So how did you get here under my skin? |                                                       |
