Fill in the gaps

My Friends Over You by New Found Glory

I'm drunk off your kiss	And I didn't (9) to
For another night in a row	Lead you on
This is becoming too routine for me	You were everything I wanted
But I did not mean to lead you on	But I just can't finish what I've started
And it's all right to pretend	There's no room left (10) on my back
That we still talk	It was (11) (12) ago
It's just for show, isn't it	Though you (13) that you are true
It's my (1) that it fell apart	I (14) pick my friends over you
Just maybe	My friends (15) you
You (2) this	Just maybe you need this
And I didn't mean to	You need this
Lead you on	And I (16) mean to
You were (3) I wanted	Lead you on
But I just can't finish what I've started	You were everything I wanted
There's no room left here on my back	But I just can't (17) (18) I've
It was damaged long ago	started
Though you swear (4) you are true	There's no room (19) here on my back
I still pick my friends over you	It was damaged long ago
My (5) you	Though you swear that you are true
Please tell me everything	I still pick my friends over
That you think that I should know	You (20) everything I wanted
About all the plans you made	But I just can't finish what I've started
When I was nowhere to be found	There's no (21) left (22) on my back
And (7) all right to forget	It was damaged long ago
That we still talk	Though you swear that you are true
It's just for fun, isn't it	I (23) pick my friends over you
It's my fault that it (8) apart	My (24) you
Just maybe you need this
