

## Fill in the gaps

Please remedy my confusion	Pouring a caress on (11) shoulder
And (1) me (2) to the day	Puzzled by shrewd innocence
The (3) of (4) seclusion	Runs a thick (12) beneath
Brings night into all you say	Ushered (13) (14) graves
Pull me down again	Nails bleeding from the struggle
And guide me into pain	It is the end for the weak at heart
I'm counting (5) hours	Always the same
Drowned visions in haunted sleep	A lullaby for the ones who've (15) all
Faint flickering of (6) powers	Reeling inside
Leaks out to show what you keep	My (16) eye in (17)
Pull me down again	(18) reflects
And (7) me into	Stare of (19) regrets
There is failure inside	You turn your back and you (20) away
This test I can't persist	Never again
Kept back by the enigma	Spiralling to the ground below
No criterias (8) here	Like Autumn leaves left in the wake to fade away
Deadly (9) (10) my wreath	Waking up to (21) sound again
Prosperous in your ways	And lapse (22) the (23) of misery
Pale ghost in the corner
