Nothing To Fear by Chris Rea

Fill in the gaps

| I feel your (1) in (2) whispers |
|--|
| The wind is cold around your moon |
| It's getting hard to keep our distance |
| I (3) your time is coming soon |
| Don't (4) your dream on my horizon |
| Don't take (5) rose too far from home |
| Please don't (6) we're not each other |
| Each soul has black thorns of his own |
| I see you dancing |
| Your (7) is clear |
| You've got to show me, got to show me |
| There's nothing to fear |
| |
| Nothing to fear |
| I have my (8) you have yours |
| - |
| I have my (8) you have yours |
| I have my (8) (9) you have yours So let us gaze upon the feast |
| I have my (8) (9) you have yours So let us gaze upon the feast In God's own name let's eat together |
| I have my (8) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace |
| I have my (8) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace See how our children play together |
| I have my (8) (9) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace See how our children play together While you and me we stand alone |
| I have my (8) (9) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace See how our children play together While you and me we stand alone I (10) we'll never be each other |
| I have my (8) (9) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace See how our children play together While you and me we stand alone I (10) we'll never be each other If I leave you leave me alone |
| I have my (8) (9) you have yours So let us gaze upon the feast In God's own name let's eat together In God's own name please come in peace See how our children play together While you and me we stand alone I (10) we'll never be each other If I leave you leave me alone I see you dancing |
