And it's gone
Wait until tomorrow
You beg and steal and (18) till it's gon

I need someone to love
-And all he's got well it's all that he needs-
Somebody help me because

To get me (19) anything
I do and anything will do good by me
A (20) pill, a little thrill
Should I take it? I think I will
And (21) will do good so
As long as it's always too good

I can't deny the (24) I do
I can't believe her pretty feet
Walked over me, all over me
It's not on me, it's all on you
