# Billie Jean by Michael Jackson

## Fill in the gaps

She was more like a beauty (1) from a movie	And dont go (5) breaking young
scene	(6) hearts
I said dont mind, but what do you mean I am the one	She came and stood (7) by me
Who will dance on the floor in the round	Then the smell of sweet perfume
She said I am the one who will dance on the floor in the round	This happened much too soon
She told me her name was billie jean, as she caused a scene	She called me to her room
Then every head turned with eyes (2) dreamed of	Billie jean is not my lover
being the one	Shes (8) a girl who claims that I am the one
Who will dance on the floor in the round	But the kid is not my son
People always told me be careful of what you do	Billie jean is not my lover
And dont go around breaking young girls hearts	Shes (9) a girl who claims that I am the one
And mother always told me be careful of who you love	But the kid is not my son
And be careful of what you do (3) the lie	She says I am the one, but the kid is not my son
becomes the truth	She says I am the one, but the kid is not my son
Billie jean is not my lover	Billie jean is not my lover
Shes just a girl who claims that I am the one	Shes just a girl who claims that I am the one
But the kid is not my son	But the kid is not my son
She says I am the one, but the kid is not my son	She says I am the one, but the kid is not my son
For forty days and forty nights	She says I am the one, she says he is my son
The law was on her side	She says I am the one
But who can stand when shes in demand	Billie jean is not my lover
Her schemes and plans	Billie jean is not my lover
cause we danced on the floor in the round	Billie jean is not my lover
So take my strong advice, just remember to always think twice	Billie jean is not my lover
(do think twice)	Billie jean is not my lover
She told my baby,we where dancing still 3:00	Billie jean is not my lover
Then she (4) at me, she show me a photo	
My baby cried, cause his eyes where like mine	
People always told me be careful of what you do	

# 1. queen
