

Fill in the gaps

Fight for life by Carlos Jean & LucÃ-a Scansetti

Remember the days	Draw your own lines
When it was (1) to dream awake	(11) there's hope, there's love
We designed a land	We need to be this world
Where every child (2) like to stay	We have the (12) to control
With no fear of heights	We need to be this world
We (3) up the tallest tree	So come on, (13) be scared, we are taking
With a better view	off
We have the power to control	Because (14) love we'll (15)
The rules of a place we've been only looking for	be the same
It's up to us to build a new world	Because (16) (17) we'll
We (4) to be this world	(18) be strong
So come on, (5) be scared, we are taking	You need to (19) for (20) for saving
off	your soul
Because without love we'll never be the same	You need to fight for life for saving your soul
Because without hope we'll never be strong	You need to fight for life
You need to (6) for life for saving your soul	(21) without love
You need to fight for (7) for (8)	You need to (22) for life
your soul	Because (23) love
Take this first step	The rules of a place we've (24) (25)
To (9) the (10) someone set	looking for
	It's up to us to build a new
