

Fill in the gaps

I saw the distance in your eyes	When love turns to pain
It didn't come as a surprise	Like there's (5) (6) to gain
But I've been (1) we can make it	work And every hope just seems to fade
And we (2) try	You know there is no way
I've never been good at good byes	When love turns to pain
I feel it's time to realize	No I don't need you anymore
(3) I don't need your love	Forget the words I said before
No, I can do much better	It might not be OK
There's no sunshine only rain	But it's over now
When every choice turns out the same	It doesn't matter
There's no one else to blame	You don't know what's right or wrong
When love turns to pain	Speaking of conscience you have none
Like there's nothing more to gain	Don't wanna hear no more
And every hope just seems to fade	Because (7) you say (8) it
You know there is no way	better
When love turns to pain	When love (9) to pain
Just one (4) and perfect smile	When love turns to pain
I asked you out	When love turns to pain
We took a ride	There's no sunshine only rain
Since that day	When every choice turns out the same
We've been going down	There's no one else to blame
And hit the ground	When love turns to pain
I never thought you had a blame	Like there's nothing (10) to gain
Guess there's no use asking why	And every hope just seems to fade
Because I don't need your love	You know there is no way
I can do much better	When love turns to pain
There's no sunshine only rain	When love turns to pain
When every choice turns out the same	
There's no one else to blame
