

Fill in the gaps

Make me whole again	Counting the days
Open your eyes	To meet you on the other side
Taunted by the shadows of your light	I will always be waiting
Cold and far away	(3) the day (4) I see you on the other
Like you're not even mine	side
Undo everything and take me higher	Come and take me home
Never believing what they say	I am so lost without my place inside your heart
Because I'm counting the days	I won't survive, I (5) to know you (6)
To meet you on the other side	me
I will always be waiting	(7) and (8) my love
Until the day that I see you on the other side	Counting the days
Come and take me home	To meet you on the other side
I'm not giving in	I will always be waiting
I want you back	Until the day that I see you on the other side
Holding together by the shards of our past	(9) and take me
(1) my heart away	Counting the days
I can't let you go	To meet you on the other side
Break these chains and let me fly to you	I (10) always be waiting
High above the world below	Until the day that I see you on the other side
(2) and over in my mind	Come and take me home
