

Happiness, it hurt like a bullet in the mind

Fill in the gaps

Dogs days are over by Florence + The machine

Happiness, it hurt like a (1) on a track	Stuck them up drainpipes
(2) towards her, stuck still no turning back	By someone who should know (8)
She hid (3) corners and she hid under beds	(9) that
She killed it with kisses and from her made she fled	The dog days are over
With every bubble she sank with a drink	The dog days are gone
And washed it away down the kitchen sink	Can't you hear the horses?
The dog days are over	Because here they come
The dog days are done	Run fast for your mother and fast for your father
The horses are coming so you (4) run	Run for your children for your sisters and the brothers
Run fast for your mother run fast for your father	Leave all your love and your loving behind you
Run for your children and for your sisters and the brothers	Can't carry it with you if you want to survive
Leave all your love and your loving behind you	The dog days are over
Can't carry it with you if you want to survive	The dog days are gone
The dog days are over	Can't you (10) the horses?
The dog days are done	Because here they come
Can't you hear the horses?	The dog days are over
Because here they come	The dog days are gone
And I never wanted (5) (6)	Can't you hear the horses?
you	Because here they come
Except everything you had	
And what was left after (7) too.
