

## Fill in the gaps

For once there is nothing up my sleeve	I know we got caught up slipping
Just some scars from a life	Through a crowd of people and losers
That used to trouble me	But you must not let them take you
used to run at first sight of the sun	They don't know you like I do
Now I lay here waiting for you to wake up	For once there is nothing up my sleeve
The city outside still sounds like it's on fire	Just some (4) (5) a life (6)
You put on new sheets	used to trouble me
The (1) flag of a (2) night	I used to run at first sight of the sun
know we stayed up talking in circles	Now I lay here waiting for you to wake up
But I like to think the symmetry	I lay here waiting for you to (7) up
Will keep me closer to you	Do you (8) when we stayed up
For everyone, I'm out to prove wrong	Till the sun strikes through the room?
You keep the (3) on	I used to blame it
The only one, you know me better than the truth	On the Queens walking down 7th avenue
So, despite what I've done	It's been years now since we moved
pray to God that we can move on	I've gotten through with an excuse
Because thus far you are the best thing	You know I try not to speak superlatives
That this life has yet to lose	But it's impossible to you
And, for once there is nothing up my sleeve	The city outside is nothing but a flicker now
Just some scars from a life that used to trouble me	You see your friend at bed, you turn out the
used to run at first sight of the sun	(9)
Now I lay here waiting for you to wake up	I start to think you'll make a beautiful mother
lay here waiting for you to wake up	I, I like to think
So if you gonna leave, if you gonna go	I've everything I want from (10) life
can't barely sleep without you in my arms
