

## Fill in the gaps

| We all have a weakness                                     | at least we dig each other.                   |
|--|---|
| But some of ours are easy to identify. Look me in the eye, | So when sickness turns my ego up              |
| and ask for forgiveness.                                   | I know you'll act as a (6) medicine.          |
| We'll make a pact to never speak (1) (2)                   | If I (7) into another,                        |
| again.   | dig me up from under what is covering         |
| Yes, you are my friend.                                    | The better part of me.                        |
| We all have (3) that digs at us,                           | Sing this song!                               |
| at least we dig each other.                                | Remind me (8) we'll (9) have each             |
| So when weakness turns my ego up                           | other   |
| I (4) you'll count on the me from yesterday.               | when everything else is gone.                 |
| If I turn into another                                     | Oh, each other when everything else is gone.  |
| dig me up from under what is covering                      | Oh! If I turn into another,                   |
| the better part of me.                                     | Dig me up from under what is covering         |
| Sing this song   | the better part of me,                        |
| remind me that we'll always have each other                | Sing this song!                               |
| when everything else is gone.                              | remind me that we'll always have each other,  |
| We all have a sickness                                     | When everything else is gone                  |
| that cleverly (5) and multiplies                           | Oh! Each Other, (10) everything else is gone. |
| No matter how we try.                                      | Oh, Each other,When everything else is gone.  |
| We all have someone that digs at us,                       |   |
