eah, I am a man, man, man, man	It's the colours you have
Up, up in the air	No need to be sad
And I run around, around, around this town, town	It really ain't that bad
And act like I don't care	It's the colours you have
So when you see me flying by the planet's moon	No (6) to be sad
You don't need to explain if everything's changed	It really ain't that bad
Just know I'm just (1) you	It's the colours you have
So I pull the switch	No need to be sad
The switch, the switch inside my head	You've still got your hands
And I see black, black, green and brown	So I am a man, man, man
Brown, brown, brown and blue, yellow, violets, red	Up, up in the air
And (2) a light appears inside my brain	And I (7) around, around, around this town,
And I think of my ways	town
I think of my days and (3) that I have changed	And know I shouldn't care
It's the colours you have	So when you see us there
No need to be sad	(8) out in the (9) road
It really ain't that bad	You don't need to explain
It's the colours you have	If everything's changed
No need to be sad	Just know that you don't know
You've still got your hands	We call it life
So mistress, mistress have you been up to the roof?	Oh yeah, that's what we call it
He shot himself, self	When we can't call it at all
There's blood on the wall	We call it life
Because he couldn't (4) the truth	Oh yeah, that's what we call it
Oh, knock that down	When you can't call it at all
Leave the ground and find some space	Yeah, We call it oh
And tell your friends, friends	That's what we call it
You'll be back again, again	We do it for love, (10) love
(5) it's too late
