

Before it's too late

## Fill in the gaps

Yeah, I am a man, man, man	It's the colours you have
Up, up in the air	No need to be sad
And I run around, around, around this town, town	It really ain't that bad
And act like I don't care	It's the colours you have
So when you see me flying by the planet's moon	No need to be sad
You don't (1) to explain if everything's changed	It really ain't that bad
Just know I'm just like you	It's the colours you have
So I pull the switch	No need to be sad
The switch, the switch inside my head	You've still got your hands
And I see black, black, (2) and brown	So I am a man, man, man, man
Brown, brown and blue, yellow, violets, red	Up, up in the air
And suddenly a light appears inside my brain	And I float around, around, around this town, towr
And I think of my ways	And know I shouldn't care
I (3) of my days and know that I (4)	So when you see us there
changed	There out in the open road
It's the colours you have	You don't need to explain
No need to be sad	If everything's changed
It really ain't that bad	Just know that you don't know
It's the (5) you have	We call it life
No need to be sad	Oh yeah, that's what we call it
You've still got your hands	When we can't call it at all
So mistress, (6) (7) you been	We call it life
up to the roof?	Oh yeah, that's what we call it
He shot himself, self	(9) you can't call it at all
There's blood on the wall	Yeah, We call it oh
Because he couldn't face the truth	That's what we call it
Oh, (8) that down	We do it for love, sweet love
Leave the ground and find some space	
And tell your friends, friends	
Vou'll be back again, again
