

Ldn by Lily Allen

Fill in the gaps

Riding through the city on my bike all day
'Cause the (1)_____ took away my license
It doesn't get me (2)_____ and I feel O.K.
'Cause the sights that I'm seeing are priceless
Everything (3)_____ to look as it should
But I wonder what goes on behind doors
A fella looking dapper, but he's sitting with a slapper
Then I see it's a pimp and his crack whore
You might laugh, you might frown
Walking 'round London town
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
When you look with your eyes
Everything seems nice
But if you look twice
You can see it's all lies
There was a little old lady who was walking down the road
She was struggling (4)_____ bags from Tesco
There were people from the city having lunch in the park
I believe that it's called al fresco
When a kid came along to offer a hand
But before she had time to accept it
Hits her over the head, doesn't care if she's dead
'Cause he's got all her jewellery and wallet
You (5)_____ laugh, you might frown
Walking 'round (6)_____ town

Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
When you (7)_____ with your eyes
Everything seems nice
But if you look twice
You can see it's all lies
Life, yeah that's city life, yeah that's city life, yeah that's city life
Life, yeah that's city life, yeah that's city life, yeah that's city life
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
Sun is in the sky, oh why, oh why
Would I wanna be anywhere else?
When you look with your eyes
Everything seems nice
But if you look twice
You can see it's all lies
When you look with your eyes
Everything seems nice
But if you look twice
You can see it's all lies

Fill in the gaps

Answer

1. filth
2. down
3. seems
4. with
5. might
6. London
7. look
