Even when seasons change

Fill in the gaps

Hummingbird heartbeat by Katy Perry

You make me feel (1) I'm losing my virginity	Our love still stays the same
The first time every time when you're touching me	You give me that hummingbird heartbeat
I make you bloom like a flower that you've never seen	Spread my wings and make me fly
Under the sun we are one buzzing energy	The taste of your honey is so sweet
Let's pollinate to create a family tree	When you give me the hummingbird heartbeat
This evolution with you comes naturally	Hummingbird heartbeat
(2) call it science, we call it chemistry	Hummingbird heartbeat
(3) is the story of the (4) and the bees	(9) heartbeat
And even when seasons change	You love me, you love me
Our love still stays the same	Never love me not
You give me that (5) heartbeat	When we're in perfect harmony
Spread my wings and make me fly	You make me sound like
The taste of (6) honey is so sweet	Like a symphony
When you give me the hummingbird heartbeat	Spread my wings and make me fly
Hummingbird heartbeat	The taste of your honey is so sweet
Hummingbird heartbeat	When you give me the hummingbird heartbeat
Hummingbird heartbeat	Hummingbird heartbeat
I've flown a million miles	Hummingbird heartbeat
just to find the magic seed	Spread my wings and make me fly
A white flower with the power to bring life to me	The taste of your honey is so sweet
You're so exotic, my whole body fluttering	When you (10) me the hummingbird heartbear
(7) craving for a taste of your sticky	Hummingbird heartbeat
sweet	Hummingbird heartbeat
Always on the brink of a heart attack	(bis)
You keep me alive and keep me coming back	
I see the sun rise in your eyes, your eyes	
We've got a future full of blue skies, (8) skies
