I never had anything happen so fast	Without a warning
Took one (1) and I shattered like glass	Like night when the morning begins the day
I guess I let it show	I was swept away
Cause your smile told me you knew	Away, (5) my tomorrow's in your eyes
That you're everything I ever wanted at once	I was swept away
There's no holding this heart	Oo, I hope I wake up soon
When it knows what it wants	Oo, I'm a victim of that crazy moon
And I never wanted anything more than to know you	The very first time you said my name
I was swept away	I knew it would never sound the same
No one in the world but you and I	Something about me has changed forever
Gotta find a way	Can't you see I am swept away
To make you feel the way that I do	No one in the world but you and I
I was swept away	Gotta (6) a way
Without a warning	To make you feel the way (7) I do
Like night when the morning begins the day	I am swept away
I was swept away	Without a warning
And so it begins	Like night when the morning begins the day
This journey of love	I was swept away
The summer wind carries us to places all our own	Away, seeing my tomorrow's in your eyes
The (2) of a look	Gotta find a way
The language of touch	To make you feel the way that I do
The way that you want me means so much	I was (8) away
And I never (3) anything more	Without a warning
Than to love you	Like night when the morning begins the day
I am (4) away	I was swept away
No one in the world but you and I	We were (9) away
Gotta find a way	Dreaming of you
To make you feel the way that I do	Swept away
I am swept away
