

Fill in the gaps

You always (1) to be	A little in the middle
Part of a circus company	A (13) in the middle
For the fun and death defying	of (14) you're bound
But in time you forgot	(15) just a little in the middle
life is (2) in the big top	It keeps (16) head (17) spinning round
And (3) (4) were slowly dying	It (18) your head from spinning
What you (5) was not a crime	But it's a hole you're digging
You could've done it	A (19) you're digging
Now you're always (6) a little	you're doing it despite
A little in the middle	the so much more you're missing
A (7) in the middle	(20) you're (21)
of (8) you're bound	to your left and to your right
Always just a little in the middle	Now you're always just a little
It keeps your head from spinning round	A little in the middle
Jugglers (9) on the wire	A little in the middle
Lions leap through hoops of fire	of where you're bound
As the acrobats go flying	Always (22) a little in the middle
But what's the show all about	It (23) (24) head from spinning
(10) did your north get (11) to	round
south	It (25) your head from spinning round
And the truth turn to lying	And round, and round
What you wanted	It keeps your (26) from (27)
was not a crime	round
You could've (12) it	(bis x2)
but you needed time	
Now you're always just a little
