Old man look at my life	Run around the (5) old town
'm a lot like you were	Doesn't mean that much to me
Old man look at my life	To mean that much to you
'm a lot like you were	I've been first and last
Old man look at my life	Look at how the time goes past
Twenty four and there's so (1) more	But I'm all (6) at last
Live alone in a paradise	(7) home to you
That makes me (2) of two	Old man take a look at my life
Love lost, (3) a cost	I'm a lot like you
Give me things that don't get lost	I need someone to love me the whole day through
Like a coin that won't get tossed	Ah, one look in my eyes
Rolling home to you	And you can (8) that's true
Old man take a look at my life	Old man look at my life
'm a lot like you	I'm a lot like you were
need someone to love me the (4) day through	Old man look at my life
Ah, one look in my eyes	I'm a lot (9) you were
And you can tell that's true	
Lullabies, look in your eyes
