## Brave by Sara Bareilles

## Fill in the gaps

to see you

You can be amazing	And let the words fall out
You can turn a phrase into a weapon or a drug	Honestly, I want to see you be brave
You can be the outcast	(8) what you want to say
Or be the backlash	And let the words fall out
Of somebody's lack of love	Honestly, I want to see you be brave
Or you can (1) speaking up	Innocence, your history of silence
Nothing's going to hurt you the way that words do	Won't do you any good
When they settle beneath your skin	Did you think it would?
Kept on the inside and no sunlight	Let your words be anything but empty
Sometimes a shadow wins	Why don't you tell them the truth?
But I wonder (2) would happen if you	Say what you wanna say
Say what you (3) to say	And let the words fall out
And let the words fall out	Honestly I want to see you be brave
Honestly, I want to see you be brave	With what you want to say
With what you want to say	And let the words fall out
And let the words fall out	Honestly I want to see you be brave
Honestly, I want to see you be brave	I just want to see you
I just want to see you	I just want to see you
I just want to see you	I (9) to see
I just want to see you	I want to see you be brave
I want to see you be brave	I just want to see you
I just want to see you	I just want to see you
I just want to see you	I just want to see you
I just want to see you	I want to see you be brave
I want to see you be brave	I just want to see you
Everybody's (4) there	I just want to see you
Everybody's been stared down by the enemy	I just want to see you
Fallen for the fear and done some disappearing	I want to see you be brave
Bow down to the mighty	I just want to see you
Don't run, stop holding your tongue	I just want to see you
(5) there's a way out of the cage where you live	I just want to see you
Maybe one of these days you can let the light in	
(6) me how big your bravery is	
Say what you (7) to say	

- 1. start
- 2. what
- 3. want
- 4. been
- 5. Maybe
- 6. Show
- 7. want
- 8. With
- 9. just
- 10. want

## Fill in the gaps
