

## Fill in the gaps

I'll make you wonder	Come and chase me through the night and
I'll make you wonder now	Feel this fine line escalate
Give your (1) a break	I can't believe you're
I'll take you under	I (13) believe you're gone
I'll make you wonder now	I can't believe you're
I'll make you wonder	I (14) (15) you're gone
Give your fingertips a break	You (16) my little (17)
I'll (2) you under	feeling
I'll (3) you under	Let's sing la la la la
And when it starts back (4) night	You are my new favourite feeling
You'll ask me if I want to play	You are my little favourite feeling
Come and chase me through the night and	Singing whoa
(5) this fine (6) escalate	I catched you at the right time
I'll make you wonder	Not my feeling, not my feeling
I'll make you wonder now	If you can't (18) me
Give (7) (8) a break	No you'll do it
I'll take you under	Now you'll do it
I'll make you wonder	No you do it again
Let me whisper melodies	And when you (19) up
Pull me in a little more	In yesterday's makeup
(9) me close, serenity	You left me (20) the message
If you can't stop me	"Can we still be friends?"
No you'll do it	And when it starts back (21) night
Now (10) do it	(22) ask me if I want to play
No you do it again	Come and chase me through the (23) and
And when you wake up	Feel me taste your breath away
In yesterday's makeup	I can't believe you're
You left me with the message	I can't believe (24) gone
"Can we still be friends?"	I can't believe you're
And when it starts back (11) night	I can't (25) (26) gone
(12) ask me if I want to play
