

Fill in the gaps

The sound of silence by Simon & Garfunkel

Hello darkness, my old friend	That (10) never share
I've come to (1) with you again	And no one dare
Because a (2) (3) creeping	Disturb the sound of silence
Left its (4) while I was sleeping	"Fools" said I
And the vision that was planted in my brain	You do not (11) silence (12) a
(5) remains	(13) grows
Within the (6) of silence	Hear my words that I might teach you
In restless dreams I walked alone	Take my (14) that I might reach you
Narrow streets of cobblestone	But my (15) like (16)
Neath the halo of a street lamp	(17) fell
I turned my collar to the cold and damp	And (18) in the (19) of silence
When my eyes (7) stabbed	And the people (20) and prayed
By the flash of a neon light	To the (21) god (22) (23)
That split the night	And the sign (24) out its
And (8) the sound of silence.	(25)
And in the naked (9) I saw	In the (26) that it was forming
Ten thousand people, maybe more.	And the sign said
People talking without speaking	"The (27) of the prophets
People hearing without listening	Are written on the subway (28)
People writing songs	And tenement halls
	And whispered in the sounds of silence"
