# Behind The Wall by Tracy Chapman

Last (1) I (2) the screaming	And as they walk out the door
Loud (3) behind the wall	The tears (12) up in her eyes
Another (4) (5) for me	Last night I heard the screaming
It won't do no (6) to call	Then a (13) (14) chilled my soul
The police	Prayed that I was dreaming
Always (7) late	When I saw the ambulance in the road
If they (8) at all	And the policeman said
Last night I heard the screaming	'I'm here to keep the peace
Loud (9) behind the wall	Will the crowd disperse
Another sleepless night for me	I think we all could use some sleep'
It won't do no good to call	Last (15) I heard the screaming
The police	Loud voices behind the wall
Always (10) late	Another (16) night for me
If they come at all	It won't do no (17) to call
And when (11) arrive	The police
they say they can't interfere	Always come late
With domestic affairs	If they (18) at all
Between a man and his wife
