## Everything has changed by Taylor Swift

All I knew this morning when I woke is	Know you better now
I know something now, know something now I didn't before	I just want to know you, know you, know you
And all I've seen since 18 hours ago is	Because all I know is we said hello
Green eyes and (1) and your smile	And your eyes look like coming home
In the back of my (2) making me feel like	All I know is a simple name and everything has changed
I just want to know you better, know you better	All I know is you held the door
Know you better now	You'll be mine and I'll be yours
I just (3) to know you better, know you better	All I know since (7) is everything has
Know you better now	changed
I (4) want to know you better, know you better	Come back and tell me why I'm feeling like
Know you better now	I've missed you all this time
I just want to know you, know you, know you	And meet me there tonight
(5) all I know is we said hello	And let me know that it's not all in my mind
And your eyes look like coming home	I just want to know you better, know you better
All I know is a simple name and everything has changed	Know you better now
All I know is you held the door	I just want to know you, know you, know you
You'll be mine and I'll be yours	(8) all I know is we said hello
All I know since yesterday is everything has changed	And your eyes (9) like coming home
And all my walls	All I know is a simple name and everything has changed
Stood tall painted blue	All I know is you held the door
But I'll take them down, take them down	You'll be mine and I'll be yours
And open up the door for you	All I know since yesterday is everything has changed
And all I feel in my stomach is butterflies	All I know is we said hello
The beautiful kind making up for lost time	So dust off your highest hopes
Taking flight, making me feel like	All I know is pouring rain
I just want to know you better, know you better	And everything has changed
Know you better now	All I know is a new found grace
I just (6) to know you better, know you better	All my days, I'll know your face
Know you better now	All I know since yesterday is everything has changed
I just want to know you better, know you better
