## The Star Wars that I used to know by Teddie Films

Now and then I (1) of when I was in power	But Star Wars will be done my way
Like choking people with the Force until they died	I don't care what they have to say
But then you told them all my history	I think that they (8) let it go
And took away my masculinity	Or they'll never get the Blu-Ray
And had my (2) portrayed by subpar	Of the Star Wars that you used to know
actors	You didn't have to change it all
You are now addicted to an overuse of graphics	No more puppets, no more practical effects or nothing
And making Greedo shoot first? Han shot first!	I don't even need your love
So when you tried to have the (3) make sense	But you treat me like a Bantha and (9) feels so
You introduced the midichlorians	cold
And what's the deal with having me be dubbed over	No you didn't have to sell your soul
But you didn't have to change it all	Do we really need to (10) them all again in 3D?
Make them like they never happened	Jar Jar was an all time low
And the fans are nothing	What happened to the Star Wars that I used to know?
I don't even need your love	The movies
But you treat me like a Bantha and that feels so rough	I used to know
No you didn't have to make them blow	The movies
Have (4) friends direct your movies	What happened to the Star Wars that I used to know?
And they'll turn out better	The movies
You think that you don't need them though	I used to know
What happened to the Star Wars that I used to know?	The movies
What happened to the (5) Wars that I used to	What happened to the Star Wars that I used to know
know	I used to know
What happened to the Star Wars that I used to know	That I used to know
What (6) to the Star Wars that I used to	I used to know
know	That I used to know
Now and (7) I think of all the times	
I screwed fans over	
I had them believing that the first three films	

- 1. think
- 2. character
- 3. Force
- 4. your
- 5. Star
- 6. happened
- 7. then
- 8. should
- 9. that
- 10. watch
