There's nothing I can lose in a break-in

Fill in the gaps

If you ever come back by The Script

If you're standing (1) your suitcase	That you haven't taken
But you can't step on the train	And I wish you could give me the cold shoulder
Everything's the way that you left it	And I wish you can still give me a hard time
I still haven't slept yet	And I wish I could still wish it was over
And if you're covering your face now	But even if wishing is a waste of time
But you just can't hide the pain	Even if I never cross your mind
Still setting two plates on the counter	I'll (7) the door on the latch
But eating without you	If you ever come back, if you ever come back
If the truth is you're a liar	There'll be a light in the hall and the key under the mat
Then just say (2) you're okay	If you ever come back
I'm sleeping on your side of the bed	There'll be a smile on my face and the kettle on
Going out of my head now	And it (8) be just like you were never gone
And if you're up and trying to move on	There'll be a light in the hall and the key under the mat
But something pulls you back again	If you ever come back, if you ever come back now
I'm sitting here trying to persuade you	Oh, if you ever come back, if you ever come back
Like you're in the same room	If it's the fighting you remember
And I wish you could give me the cold shoulder	Or the little things you miss
And I (3) you could still give me a hard time	I know you're out there somewhere
And I wish I could still wish it was over	So just remember this
But even if wishing is a waste of time	If it's the fighting you remember
Even if I (4) (5) your mind	Or the little (9) you miss
I'll leave the door on the latch	Oh just remember this, oh just remember this
If you ever come back, if you ever come back	I'll leave the door on the latch
There'll be a light in the (6) and the key under the	If you ever come back, if you ever come back
mat	There'll be a light in the hall and the key under the mat
If you ever come back	If you ever come back
There'll be a smile on my face and the kettle on	There'll be a smile on my face and the kettle on
And it will be just like you were never gone	And it will be just like you were never gone
There'll be a light in the hall and the key under the mat	There'll be a light in the hall and the key under the mat
If you ever come back, if you ever come back know	If you ever come back, if you ever come back now
Oh if you ever come back, if you ever come back	Oh, if you ever come back, if you ever come back
Now they say I'm wasting my time	And it will be just (10) you were never gone
Because you're never coming home	And it will be just like you were never gone
But they used to say the world was flat	And it will be just like you were never gone
But how wrong was that now?	If you ever come back, if you ever come back know
And by leaving my door open	
I'm risking everything I own
