Last mile of the way by Westlife

Fill in the gaps

I want you with me
(1) the ground starts to shake
I want you with me
Each day when I wake
And I hope you forgive me
All my mistakes
And yes, I'll be with you
To the (2) mile of the way
Like day turns to night
Stone turns to dust
Like life becomes memories
(3) becomes rust
(4) just a lesson learned
We'll look back one day
And I'll take you (5) me
And I'll take you (5) me To the last mile of the way
To the last mile of the way
To the last mile of the way To the last mile of the way
To the last mile of the way To the last mile of the way To the (6) mile of the way
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid We should remember
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid We should remember The roles that we played
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid We should remember The roles that we played Whether the future
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid We should remember The roles that we played Whether the future Has (7) or bright days
To the last mile of the way To the last mile of the way To the (6) mile of the way It's time to move on now So don't be afraid We should remember The roles that we played Whether the future Has (7) or bright days I will (8) love you
