We come running by Youngblood Hawke

Fill in the gaps

We come running	Soon they're going to hear the sound	
We come running	The sound, the sound	
We come running	When we come running	
We come running	Never go where we belong	
Under a pale blue sky	Echoes in the dead of dawn	
You never felt so cold	Soon they're going to know the sound	
Another sleepless night	The sound, the sound	
How could you ever let go	When we come running	
How do you recognize	The sound, the sound, the sound	
The dirty face of gold	When we come running	
Behind that crooked line	Days go by	
Where you never knew you'd go	Feeling broke and tired	
Headed for the open door	Remember, always remember	
Tell me what you're waiting for	The sound, the sound, the sound	
Look across the great divide	When we come running	
Soon they're (1) to hear the (2)	The sound, the sound, the sound	
The sound, the (3)	When we come running
