

## Fill in the gaps

| 30,000 feet above the city where                   |
|--|
| I fell in love with you                            |
| And the fading concrete skyline                    |
| Brings an urban lullaby that still rings true      |
| When I passed you on the street that day           |
| Should've let that red scarf fly away              |
| Like any chance I had of keeping you               |
| Like the Northern wind a blowing                   |
| Yeah my lonely heart was frozen                    |
| Never knew I'd find a way                          |
| To break yours too                                 |
| Where the wind blows babe                          |
| You can bet I'll be riding high with it            |
| Holding on for my dear life just like I always did |
| Close (1) eyes babe, take a breath                 |
| Say my name and I'll be there                      |
| My love will find you anywhere                     |
| Anywhere my love                                   |
| The city (2) look like a country sky               |
| Like staring at the stars turned upside down       |
| I wish I may, I wish I might                       |
| Find it in your heart to stick around              |
| I hate it had to end this way                      |
| Tomorrow is a brand new day                        |
| And the chances here at love are precious few      |
| Someone's out there waiting                        |

For a sweet good timing lady

| To make you smile the way I always wanted to       |
|--|
| Where the wind blows babe                          |
| You can bet I'll be riding high (3) it             |
| Holding on for my dear life (4) like I always did. |
| Close your eyes babe, take a breath                |
| Say my name and I'll be there                      |
| My love will find you anywhere                     |
| Anywhere my love                                   |
| So I'll fly all (5)                                |
| Our memory's my lullaby                            |
| That love won't lie                                |
| If it's love done right                            |
| You'll be waiting on the other side                |
| Arms open (6) If love don't lie                    |
| Lie, we can fly                                    |
| Where the wind blows babe                          |
| You can bet I'll be riding high with it            |
| Holding on for my (7) life just like I always did  |
| Close your eyes babe, take a breath                |
| Say my name and I'll be there                      |
| My love (8) (9) you anywhere                       |
| Anywhere, my love will find you anywhere           |
| Anywhere, my love will find you anywhere           |
| Anywhere my love                                   |
