

Your mouth is a revolver

Fill in the gaps

You light the spark in my bonfire heart

Firing bullets in the sky	People like us
Your love is like a soldier	We don't
Loyal till you die	Need that much
And I've been looking at the stars	Just some
For a long, long time	One that starts
I've been putting out fires	Starts the spark in our (6) hearts
All my life	Our bonfire hearts
If everybody wants a flame	Our (7) hearts
They don't want to get burnt	Our bonfire hearts
And today is our turn	You light the spark
Days like these	People like us
Lead to	We don't
Nights like this	Need that much
Lead to	Just some
Love like ours	One that starts
You light the spark in my bonfire heart	Starts the spark in our bonfire hearts
People like us	Days like these
We don't	Lead to
Need that much	Nights like this
Just some	Lead to
One that starts	Love (8) ours
Starts the (1) in our (2) hearts	You light the spark in my bonfire heart
This world is getting colder	(One, two, three, four)
Strangers passing by	People like us
No one offers you a shoulder	We don't
No one looks you in the eye	Need that much
But I've (3) looking at you	Just some
For a long, long time	One that starts
Just trying to (4) through	Starts the spark in our bonfire hearts
Trying to make you mine	Our bonfire hearts
Everybody wants a flame	People like us
They don't want to get burnt	We don't
Well today is our turn	Need that much
Days (5) these	Just some
Lead to	One that starts
Nights like this	Starts the spark in our bonfire hearts
Lead to	
Love like ours	

1. spark
