

To test the limits

## Fill in the gaps

| The (1) glows white on the (2)                      | And break through                                  |
|---|--|
| tonight   | No right, no wrong                                 |
| Not a footprint to be seen                          | No rules for me                                    |
| A (3) of isolation                                  | I'm free   |
| And it looks like I'm the queen                     | Let it go  |
| The wind is howling like this swirling storm inside | Let it go  |
| Couldn't keep it in, heaven knows I've tried        | I am one with the wind and sky                     |
| Don't let them in                                   | Let it go  |
| Don't let them see                                  | Let it go  |
| Be the good girl you always have to be              | You'll never see me cry                            |
| Conceal, don't feel                                 | Here I stand                                       |
| Don't let them know                                 | And here I'll stay                                 |
| Well, now they know                                 | Let the storm rage on                              |
| Let it go   | My power flurries through the air into the ground  |
| Let it go   | My soul is spiraling in frozen fractals all around |
| Can't hold it back anymore                          | And one thought (6) like an icy                    |
| Let it go   | blast  |
| Let it go   | I'm never going back                               |
| Turn away and slam the door                         | The past is in the past                            |
| I don't care  | Let it go  |
| What they're going to say                           | Let it go  |
| Let the storm rage on                               | When I rise like the break of dawn                 |
| The cold never bothered me anyway                   | Let it go  |
| It's funny how some distance                        | Let it go  |
| Makes (4) seems small                               | That (7) girl is gone                              |
| And the (5) that once controlled me                 | Here I stand in the (8) of day                     |
| Can't get to me at all                              | Let the storm rage on                              |
| It's time to see                                    | The cold never bothered me anyway                  |
| What I can do                                       |  |

- 1. snow
- 2. mountain
- 3. kingdom
- 4. everything
- 5. fears
- 6. crystallizes
- 7. perfect
- 8. light
