

## Fill in the gaps

(And I hope and I hope)	But I know in time we'll find this was no surprise
I've practiced this for hours, (1) round and round	Our favorite (6) we used to go
And now I think that I've got it all down	The warm embrace that no one knows
And as I say it louder, I love how it sounds	The lovin' look that's left your eyes
'Cause I'm not (2) the easy way out	That's why (7) comes as no, as no surprise
Not wrappin' this in ribbons	If I could see the future and how this plays out
Shouldn't have to give a reason why	I bet it's better than where we are now
It's no surprise. I won't be here tomorrow	But after going through this
I can't believe that I stayed 'til today	It's easier to see the reason why
Yeah you and I will be a tough act to follow	It's no surprise I won't be here tomorrow
But I know in time we'll find this was no surprise	I can't believe that I stayed 'til today (stayed 'til today)
It came out like a river, once I let it out	Yeah you and I will be a tough act to follow
When I thought that I wouldn't know how	But I know in time we'll find this was no surprise
Held onto it forever, just pushing it down	The kiss goodnight, it (8) with me
It felt so good to let go of it now	Both wrong and right, our memories (our memories)
Not wrapping this in ribbons	The whispering before we sleep,
Shouldn't have to give a reason why	Just one more thing that you can't keep (you can't keep)
It's no surprise. I won't be here tomorrow	Our favorite place we (9) to go
I can't believe (3) I stayed 'til today	The warm embrace that no one knows
There's nothing here in this heart left to borrow	The lovin' look that's left (10) eyes
There's nothing here in (4) soul left to save	But I know in time we'll find this was no surprise
Don't be surprised when we (5) this tomorrow	(And I hope, and I hope, and I hope, and I hope, and I hope.)
God knows we tried to find an easier way	
Yeah you and I will be a tough act to follow	

- 1. gone
- 2. taking
- 3. that
- 4. this
- 5. hate
- 6. place
- 7. this
- 8. comes
- 9. used
- 10. your
