## I Love My Computer by Bad Religion

I love my computer	When I turn on you
You (1) me (2) alright	I love my computer
Every (3) hour	You never ask for more
And every lonely night	You can be a princess
I love my computer	Or you can be my whore
For all you give to me:	And it's never been quite so easy
Predictable errors and no identity	I've never been quite so happy
And it's (4) been quite so easy	The world outside is so big
I've (5) been quite so happy	But it's safe in my domain
All I need to do is (6) on you	Because to you
And we'll be joined	I'm just a number
In the most soul-less way	And a (8) (9) name
And we'll never ruin each other's day	All I need to do is (10) on you
'cuz when I'm through I just click	And we'll be together for eternity
And you just go away	And no one is ever gonna take my love
I (7) my computer	From me because I've got security
You're always in the mood	Her password and a key
I get so turned on
