

Fill in the gaps

I saw you walk down the street	And I'll be your baby
With some (1) girl	All I'm asking you for when you walk out the door
Always thought that I was the only one in your world	Is to be my baby, baby
Baby can you tell me so	'Cause you knew from the start
Out of sight out of mind	That you were working my heart
Ain't what love ought to be	Won't you be my baby
And I hoped all the time that you'd be faithful to me	I remember our (5) other Saturday night
faithful to me	Sweet harmonies filled and floated (6) our
All I'm asking you for (2) you walk out the door	minds
Is to be my baby, baby	Never (7) (8) way before
I just want to be sure	We were riding so high on love and understanding
That forever and more	So why go wasting your time
You would be my baby	when you have got such a find
Love is just like a flower baby it has to grow	That is everlasting
And when you are away I'm even loving you more	All I'm asking you for when you walk out the door
I (3) to let you know	Is to me my baby, baby
One on one is the way and	I just want to be sure
That's the way it should be	That forever and more
So if you're not gonna stay	You would be my baby
Then don't be playing with me	All I'm asking you for when you walk out the door
You can set me free	Is to be my baby, baby
All I'm asking you for when you walk out the door	Because all this (9) is for you
Is to be my baby, baby	And you know that I'm true
Because all this love is for you	And I'll be your baby
And you know that I'm true	And I (10) you to love me baby
